Dear Mr. Batten:

Please be advised that this Agency has reviewed the subject plan and found it to be adequate for implementation at the above referenced site. The report on additional site characterization was also reviewed and this office concurs that the extent of contamination has been adequately defined. A proposal for soil remediation will have to be submitted to this office for review prior to implementation.

If you have any question regarding this matter, please call me at (714) 667-3717.

Sincerely,

Luis Lodrigueza
